

jot & what?

jot & is a space for work and play, no matter where you are.

You can store, organize, and comment on photos and files.

Or use it to quickly create notes, then share and collaborate with coworkers and friends.

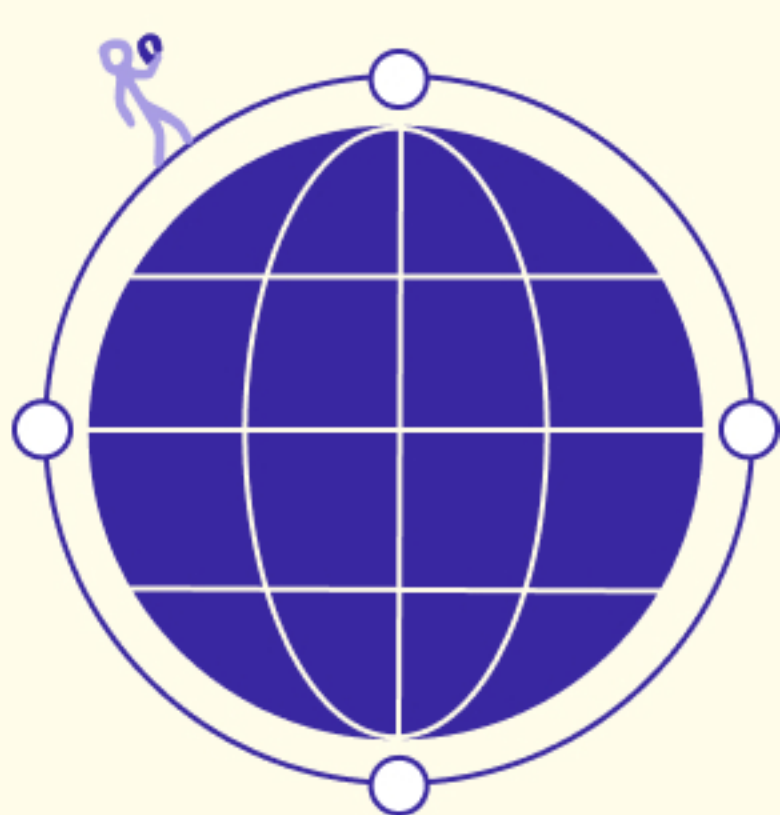

get creative with your notes

Craft scrapbooks and photo albums.
Design moodboards and storyboards.
jot & notes makes your next project quick and easy.

create anywhere share everywhere

Work and play where you want to, whenever you like, with anyone you want. Store and sync your files safely and securely on the web. Access and share them from any place, any time.
