

ABOUT US

What is #findthemasks?

#findthemasks is a global mapping tool and interactive directory for PPE needs. Our mission is to enable individuals, communities, makerspace networks, and large-scale manufacturers to engage and assist during the COVID-19 pandemic by providing our frontline healthcare and other essential workers with the personal protective equipment they need to protect themselves.

Who is #findthemasks?

This site was launched on [March 19th](#) by [Rachel Popkin](#) and has been built and improved upon by many fantastic volunteers worldwide.

The team is made up entirely of volunteers and includes physicians, scientists, physicists, epidemiologists, engineers from tech companies such as DropBox, Amazon, Google, and Amperity, and even professional data moderators based in the Philippines.

Check out our developer contributors [here!](#)
We are happy to offer our skills and do what we can to help in this crisis!

Can I help #findthemasks?

Check out our [Join Us](#) page for volunteer opportunities!

You can also help by sharing & following #findthemasks on social media:
